

MC Truck Licence

Be trained by industry professionals to the highest standards

With an Mc Licence you can drive a B-Double or Road Train anywhere in Australia. It also means that you can drive a Heavy Combination unit towing one or more trailers with each trailer having a gross vehicle mass greater than 9tonnes.

Get your MC licence and enhance your career in the transport industry now!

At Shift we wanted to take the hassle and guess work out of getting a truck licence, so we've come up with package deals to suit your level of experience.

Drivers Deal - \$1595

- Best for drivers with HC experience
- 12 hours theory and practical

Original Deal - \$2295

- Popular option for HR/HC drivers
- 16 hours theory and practical

Big Rig Deal - \$2995

- Great for HR drivers with no trailer experience
- 22 hours theory and practical

At Shift we have a one truck - one trainer policy, so you will get the same professional trainer in the same vehicle each time.

Additional Information

Nationally Recognised Training

This course includes the nationally recognised unit of competency TLIC4006 Drive a multi combination vehicle, which is required to upgrade your licence to MC class with TMR. Our MC Courses are designed in consultation with TMR and industry professionals and will ensure you are job ready and confident when you get your licence.

How much theory is involved?

You will be required to do some at home study prior to attending your theory class. There will be some reading and writing involved in this course. You will need to have literacy and numeracy skills to be able to complete workplace forms such as run sheets, logbooks, and pre-start checklists. You'll need to have reading skills to be able to read maps and route planning. An LLN test will be conducted prior to the theory session to determine if you will require any additional support. If you think you might need some help with this, talk to us prior to enrolling.

Package deals

Please note that our package deal offers are not one size fits all, and that everyone learns in their own time. Additional training may be required (*at an additional cost to you*) to achieve competency and there is no guarantee of a successful assessment. Please see our full terms and conditions regarding achieving competency or speak to staff to ensure you are booking for the right package to suit your needs.

Eligibility criteria

To be eligible for a Multi Combination Licence you need to have held a HR or HC licence for a minimum of 12 months consistently.

Medical Certificates

It is your responsibility to ensure that your medical certificate (if required) is up to date and current for the type of vehicle you are driving (MC). If you require a medical certificate for driving, please check this prior to coming for your practical sessions as no refunds will be given.

Cancellation policy

Shift requires 48 hours' notice to cancel MC training, or the full fee will be payable. Any refunds will incur a \$50 administration charge.
